

# **RS** *Synthesis*

*Quality through Peptide Design*

## **Raw Materials & Custom Manufacturing**

### **Bulk Amino Acids**

- Gram to multi-kg Fmoc & Boc protected amino acids
  - Validated quality
- CoA with each shipment
- In-stock for quick delivery
  - Bulk discount pricing
- Inventory management
  - Pre-Packs available

### **Synthesis Resins**

- *Pre-loaded resins*
- *Core resins made to customer specs*
- *Wide range of substitutions & mesh sizes available*
  - *Gram to multi-kg*
    - *Consistent batch-to-batch quality*

### **High Quality Reagents**

- Improve synthesis yield & purity with high quality reagents
  - Bulk quantity discounts available

### **Unusual Amino Acids & Specialty Derivatives**

- High-quality
- Difficult to find building blocks
- Wide variety of protecting groups
  - Phosphorylated residues
  - Competitive pricing
- Inventory management

### **Custom Synthesis**

We welcome any custom projects or process development opportunities, let our experience & efficiency reduce your costs!
